

MISSISSIPPI WORKPLACE HEALTH AND SAFETY CONSULTATION SERVICES

Church Mutual Insurance Company has established a safety program for the health and benefit of your employees. This service is available to you upon request, at no additional charge.

The program consists of an explanation of employee's rights under the Workers' Compensation Law, the Rules of the Mississippi Workers' Compensation Commission, and your right to implement and maintain a written policy for drug and alcohol testing in the workplace. This policy complies with the requirements of Miss. Code Ann. 71-7-1 et seq. and the rules and regulations for drug and alcohol testing of employees and job applicants by public and private employers promulgated by the Mississippi State Board of Health.

Premium may be reduced by 5%, for an employer who certifies that it has qualified as a drug-free workplace, in accordance with the Drug-Free Workplace Workers Compensation Premium Reduction Act.

Requests for risk control consultation should be directed to:

**Church Mutual Insurance Company
Risk Management Department
