## Tips to Help Process Your Payroll Efficiently

- Please have [time cards](#) in by the due date and have them signed by supervisor, or indicate why the supervisor is not available and when we can expect the signed copy.
- Send in updated or new [tax forms](#) and [address changes](#) and banking ([direct deposit](#)) changes when changing states, [getting married](#) or moving, in a timely fashion.
- When salary changes occur, please turn in [support goal calculator](#) on time.
- Review your earnings statements for changes and accuracy. Send an e-mail to [payroll@reliant.org](mailto:payroll@reliant.org) explaining the problem. The sooner we know there is a problem the sooner we can correct it.
