MPDX DataSync

Step	Screenshot
First, go get your DataSync file from Toolbox: https://toolbox.reliant.org/mtd /datasync This is the file we'll be importing into MPDX. Note: You must download a new DataSync file each time you want to update your data.	<section-header> Vertication</section-header>
Log in to MPDX, and go to "Settings > Connect Services"	Add Settings Go to old MPDX Preferences Notifications Import Contacts Connect Services Manage Account Log out
Then click the "Organization" expander.	Add Settings Dashboard Contacts Tasks Reports Tools Help Connect Services Key / Relay Organization Connect Services Key / Relay Organization External Services Google MailChimp

Next, click "Choose File"	S Connect Services Key / Relay Organization Org Add or change the organizations that sync donation information with this MPDX account. Removing an organizations will not remove past information, but will prevent future donations and contacts from syncing. Reliant Import TntConnect DataSync file (tntdatasync or .ntmpd) from your organization, my your local TntConnect database file (mpddb). Import Choose File Locose File Locose File Med Account
Navigate to the location you saved the DataSync file you just downloaded from Staffnet, select it, and click "Open".	vie PC > Dektop > datagyne vier Name DatsSyncthridatasyne 7/1/2018 9:32 PM TINTDATASYNE File 604 KB Custern File Tom your Choose File Import
Then click "Import".	OFG Add or change the organizations that sync donation information with this MPDX account. Removing an organization will not remove past information, but will prevent future donations and contacts from syncing. Reliant Import IntConnect DataSync file This file should be a IntConnect DataSync file (.tntdatasync or .tntmpd) from your organization, not your local IntConnect database file (.mpddb). To import your IntConnect database, go to Import from IntConnect Choose File DataSync.tntdatasync

You should see a pop-up saying that the file was uploaded, and that the import has started.	Q Search Contacts	+ Add
	Itac SUCCESS	× 66.
	File successfully uploaded. The import to Reliant will begin in the background.	
		ок _{MPDX}
	donations and contacts from syncing.	in prevent fut
Note: As the pop-up stated, the file will be loading in the background meaning, the file will not be completely loaded until you receive an email from MPDX.
